ROBUST AND EXCLUSIVE

Adventure isn't just about reaching the destination – it's about every thrilling moment and unforgettable story that unfolds along the journey.

With outstanding performance and remarkable styling, the Isuzu MU-X is a trustworthy sports utility vehicle that enhances your driving experience.

The Isuzu MU-X is **robust** – built strong, dependable, and durable to ensure confidence in any driving condition. Paired with **exclusive** features, it seamlessly combines modern technology and key safety features as standard, to deliver a truly satisfying ownership experience and provide the peace of mind and enjoyment you deserve on every journey.

Turn every drive into an extraordinary experience with the exclusive adventure that Isuzu MU-X offers.

BOLD AND DYNAMIC

The MU-X is an impressive multi-purpose vehicle displaying a **bold** and **dynamic** style. Aerodynamic design not only enhances the look but ensures smooth and efficient performance. It's the perfect mix of style and functionality and makes the MU-X the top choice for those who want it all.

Boldness and dynamism shine through in every aspect. The transformative exterior design displays a strong look that commands attention on the road. Isuzu crafted every detail to convey power, elegance, and exclusivity, making the MU-X truly impressive.

The bold and visual new front design complements the aerodynamic style. New Bi-LED headlamps ensure optimal visibility with exceptionally bright and clear light guiding your way forward with precision and clarity. The striking alloy wheels are eye-catching and accentuate the dynamic look. The wider new design air curtain ensures optimal air flow and significantly reduces drag.

This combination of style and substance ensures every drive is a refined and enjoyable experience.

[A] Radiator Grille features a distinctive design that highlights colour contrasts and texture to accentuate its strong and sporty appeal.

[B] Bi-LED Headlamps with LED turn lamp provide powerful illumination and a captivating appearance from every angle.

[C] 18-inch Alloy Wheels featuring multi-spoke sharp styling enhance the modern and clean look.

[D] Air Curtain Aerodynamic integration of wheels and lower body design reduces drag and decreases turbulence-generated road noise and vibration.

BOLD AND REFINED

The new Isuzu MU-X's interior exhibits exceptional craftsmanship. High-quality materials captivate the senses, enhancing luxury and comfort. Its **universal design** concept prioritises convenience, and combines comfort, ease of use, and flexibility. The spacious cabin, ergonomic seats, easy entry and exit, and noise reduction ensure a comfortable ride. Refined appointed leather seats provide perfect posture and enhanced comfort for both driver and passenger.

Intuitive controls, easily accessible switches, and a large speedometer and infotainment display ensure the driver experiences ease of use and quick access to information. On the multi-information display, a 7-inch TFT display provides vital information at a glance, while the dashboard touchscreen controls vehicle functions and entertainment. The system includes live clinometer readings, and real-time 4x4 status. The Isuzu MU-X also comes with wireless Apple CarPlay™, Android Auto™, voice recognition, and a high-quality sound system. Additionally, multiple USB ports are located in the front and rear seating areas.

[A] Large 7" TFT Multi-Information Display: Shows various vehicle functions according to the driver's preference.

[B] Infotainment with wireless Apple CarPlay™ and Android Auto™: Replicates the functions of your smartphone while driving, including voice recognition.

[C] Multiple USB-C ports: Easy access for both front and rear occupants.

[D] Dual Zone Automatic Air Conditioning allows individualized temperature adjustments with two separated evaporator units to ensure desirable coolness throughout the cabin.

INTELLIGENT ENGINEERING

The ISUZU MU-X engine stands out for its superior performance thanks to powerful torque at low-rpm and a boosted turbocharger. Drivers experience minimal engine noise and a reliable and confident trip, whether in urban or rugged terrains. Compliance with the latest emission standards and exceptional fuel efficiency make it an ideal choice for drivers who value environmental responsibility and high performance.

The Isuzu MU-X engine is robust and reliable, drawing on our renowned diesel engineering expertise. Isuzu's durability is evident not only in its diesel engine but also in its excellent platform. This includes a solid body structure, precisely built front and rear suspensions, and a strong chassis with a cabin mount type. These features collectively ensure greater stability and performance, providing a smooth and enjoyable driving experience.

[A] Ultra-High Tensile body structure: Lightweight yet exceptionally strong.

[B] Double Wishbone Front Suspension: High mount suspension control arm enhances cornering ability for consistent driving comfort.

[C] Multi 5-link Rear Suspension: Optimises stability by repositioning the lateral link to a higher roll centre.

[D] Large and strong chassis: Greater torsional and longitudinal rigidity for improved handling, stability and durability.

MORE TO EXPLORE

Isuzu built the MU-X to endure extreme off-road conditions. Regardless of how challenging the roads or terrain may be, its exceptional four-wheel drive performance allows you to travel further with confidence.

It excels in diverse terrains with its superior 4x4 angles, substantial ground clearance, and tight 5.7-metre turning radius. Enhanced underbody protection boosts your confidence, ensuring robust and reliable performance in any conditions. The large 80-litre fuel tank supports extended, uninterrupted journeys, making the MU-X the ultimate off-road vehicle to explore and bring you home safe again.

The Isuzu MU-X's exceptional performance is designed to fulfill your thirst for adventure and excitement.

[A] 4WD shift-on-the-fly: Enables quick and easy switching between 2WD and 4WD modes.

[B] Rough Terrain Mode / Electronic Diff-Lock: Enhances driving performance on challenging road conditions and provides better traction on demand to overcome obstacles.

[C] 800mm Wading Depth: Increases confidence when driving through high water levels or streams.

INNOVATED CONVENIENCE

The Isuzu MU-X never fails to turn heads and evokes a stylish and comfortable lifestyle.

The wide cabin comfortably accommodates 7 people and has a variety of seating options, including Fold Flat for maximum luggage space. The second and third rows seats are spacious and reclinable, providing added comfort on long travels. The ample space between the door trailing edge and headroom ensures easy entry and exit. Additionally, the Infrared and UV Cut windshield protects against harmful rays, and Rain Sensing Wipers activate automatically to keep the windshield clear, ensuring a satisfying ride.

Isuzu included innovative technology in the MU-X to improve comfort and convenience on any kind of travel.

[A] The Second and Third Row Seats Adjustment Capabilities allow more cargo space for enhanced flexibility to suit all lifestyles.

[B] Electronic Parking Brake with Auto Brake Hold provides more convenience while driving in city traffic.

[C] Power Tailgate with Step Sensor and Jam Protection enables easier and safer luggage loading.

[D] Follow Me Home keeps the headlamps on for 30 seconds after the engine is turned off.

[E] Walk Away Auto Lock automatically locks the door when you are 3 meters away from the vehicle.

[F] Welcome Light illuminates the cabin when approaching the vehicle within a distance of 2 metres.

ADVANCED SAFETY

The Isuzu MU-X is a trustworthy vehicle, outfitted with enhanced safety measures to provide peace of mind on every journey. SRS airbags protect the driver and passengers from potential collisions, while Electronic Stability Control (ESC) and Traction Control System (TCS) provide smooth, stress-free travel. The Isuzu MU-X always puts your safety first.

PARKING AID SYSTEM

- Parking Aid Sonar detects front and rear vehicles or objects to allow easy and convenient parking.

POST-CRASH SAFETY

- Multi-Collision Brake (MCB) automatically stops the vehicle from moving in the event of a collision to reduce the risk of multiple crashes.

[A] Electronic Stability Control (ESC) and Traction Control System (TCS) allow for maximum road grip during acceleration and high-speed cornering.

[B] Hill Start Assist (HSA) prevents the vehicle from rolling when moving from a stationary position, and Hill Descent Control (HDC) allows a smooth hill descent at a controlled speed.

[C] Airbags offer greater safety for the driver and front passenger.

[D] Big Brake Unit reduces brake noise, improves brake feel and service life.

[E] Rear Cross Member increases occupant protection in case of side or rear collisions.

[F] Strong Cabin Structure provides excellent protection for all passengers.
